

>Welcome to Goodrich—AIP Colorado Springs

"People Protecting People"

A Visitor's Guide to our Site and City

Welcome to Colorado Springs! Goodrich Aircraft Interior Products' participation in the aviation and aerospace industries dates back to 1909—just six years after the first flight at Kitty Hawk. Since then, the Company has become a modern industry leader in both aircraft seating and evacuation systems technology and support.

As an original equipment manufacturer, we have led the way in the development and production of emergency evacuation systems and specialty seating for commercial and military aircraft.

Aircraft Interior Products' business focus is on airline safety. We are motivated to develop unique product innovations and technology breakthroughs that provide the highest degree of aviation quality.

Designed with the future in mind, our solutions not only satisfy today's safety and business requirements, but also tomorrow's unforeseen needs. As a result of this foresight, our interior systems have become standard equipment in every corner of the world for virtually every major aircraft possible.

Access to our Facility

Goodrich-AIP is located at 1275 N. Newport Road, less than 10 miles from the Colorado Springs Airport.

When Driving from the COS Airport to our location:

- Start out going EAST on DRENNAN RD toward airport exit
- Turn SLIGHT RIGHT onto S POWERS BLVD.
- Turn RIGHT onto AEROPLAZA DR.
- Turn RIGHT onto NEWPORT RD N.
- End at 1275 N Newport Rd.

Visitor parking is available in the front of our building. Upon entering our facility, please be sure to check-in at our reception area to obtain your visitor's badge and safety glasses if needed..
